

QUARION

A NEO-HUMANIST FAMILY IN 20 FONTS.

Qu

Quarion is a clean, neo-humanist sans with a contemporary geometric approach. Its design started as an exploration of geometric fonts from the early 20th century, like Futura, Neuzeit Grotesk or Recta which allows the typeface to generate an inviting but sophisticated feel on the page. Although, less contrasting, geometric designs have been quite popular around type designers until today, Quarion finds its niche by combining circular elements with a medium stroke contrast, resulting in a versatile and robust workhorse for any analog or digital application.

18/23 — One day, Gregor Samsa, a traveling salesman, wakes up to find himself transformed into a giant insect. *He reflects on how dreary life as a traveling salesman is.* As he looks at the wall clock, he notices that he has overslept and missed his train for work. He ponders the consequences of this delay. Gregor becomes annoyed at how his boss never accepts excuses or explanations from any of his employees no matter how hard-working they are, displaying an apparent lack of trusting abilities. Gregor's mother knocks on the door, and he answers her. She is concerned for Gregor because he is late for work, which is unorthodox for him. Gregor answers his mother and realizes that his voice has changed, but his answer is short, so his mother does not notice. His sister, Grete, to
